WEDNESDAY EVE. OCTOBER 20, 1886

A goodly number of our citizen A goonly number of our citizens greeted Judge Richards at the court house last evening. The attendancs would have been much larger had it not been for the entertainment at the opera house, which is attracting large andiences every night. Quite a number of ladies graced the occasion and were interested listeners to the remarks of Judge Richards, who spoke about one hour. A marked feature of the speaking was the close attention throughout, and the enthuisatic apthroughout, and the enthusiastic appliases with which the remarks were received. Briefly, the speaker contrasted the principies of the two parties, showing that the Democrats from the beginning have always fought for that Jeffersonian doctrine which declares that this Government is and shall ever be "a government by the people and for the people." After reviewing the financial policies of the two parties, he pointed out the peculiarity of the struggle in this district, showing wherein the Democracy of the State and of the Nation was strongly interested in the result. A defeat of the Bomocracition on the state and of the Nation was strongly interested in the defeat of the Hon. John G. Carlisle, one of Kentucky's most glitted and most honored sons, to the Speakership of the next House. More than this, such a defeat might change the political complexion of the next Congress, and turn it over to the entire control of the Republicans. His allusions to speaker Carlisle were received with the most enthusiastic appliases. Judge Richards advanced many other strong arguments in favor of earnest and harmonious work from now on till the end of the struggle on the 2nd day of next mont. He was convinced, throughout, and the enthusiastic ap-plause with which the remarks were reest and harmonious work from now on till the end of the struggle on the 2nd day of next month. He was convinced, from his canvass of other counties in the district, that the Democrats will win. All that is necessary to insure success is to see that the full vote is polled. The danger is in over-confidence. In con-cluding his remarks, he urged the Dem-ocrate to renewed efforts in behalf of their nomings. their nominee.

The Cincinnati Enginer is still after the gigantic monoply carried on by Van Antwern, Brage & Co., in the school-book business. It charges that the six McGuffer's Readers sold by the above firm for \$3.50, cost for publishing but eighty cents. No wonder the people are "kicking."

It 1871, the assessed value of property in Fayette County was a little over \$1.5-00,000. Last year the assessment when equalizes amounted to about \$13,000,000, a falling off of over \$2,000,000. In the face of this showing, it is known that property has been increasing in value rightalong. There's a serve loose somewhere, but the ramedy for the looseness, will no doubt be found in the new revenue iaw.

"M'iss."

The Cora Van Tassel Dramatic Company had a large audience at the operahouse last night to hear them in "M'lies, the Child of the Slerras." The members were in a happy humor and their excellent rendition of this great borler drama elicited the warmest praise throughout. As "M'lies, the waif of Smith's pocket," Miss Van Tassel won a strong place in the hearts of her audience, but as Miss Smith, the heiress and the anobie woman, she captivated every one, and her most excellent impersonation of the character was rapturously applauded. Her support was excellent, but Edwin Young deserves especial mention. As "Judge Reesavinger," who did everything "according to the statoota," he kept the audience in a roar of laughter by his aimost ininaitable rendition of the character.

To-night the company will appear in "Esmeralda," for the first time in this city. "Esmeralda" is one of the most interesting domestic drams ever written. It is a home-like picture of every day life, laid in North Carolina. This play is

C. T. KNEEREAM,

Be Warned

In time. Kidney diseases may be prevented by purifying, renewing, and invigorating the blood with Ayer's Sarsaparilia. When, through debilint, the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilia, the kidneys are restored to proper action, and Albumiliaris, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidners, and other disorders of these organs. Mrs. Jas., W. Veld, Forest Hill st., Jamake Plain, Mass., writes: "I have had a compliestion of diseases, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person; as well and strong as ever." W. M. McDonald, 46 summer at., Boston, Mass., had been troubled for years with Kidney Complaint. By the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. Join McLellan, cor. Bridge and Third stra, Lowell, Mass., writes: "For several years I suffered from Dyspepts and Kidney Compilaid, the latter being so severs at limes that I could searcely attend to my work. My appetite was poor, and I was much cumchated; but by using

AYER'S Sarsaparilla my appetite and digestion improved, and my health has been perfectly restored." Sold by all Druggstas. Size battle, 8 fee battles, 8 fe.

Your Hair

should be your crowning glory. Ayer's Hair Vigor will restore the vitality and color of youth to hair that has become thin and faded; and, where the glands are not decayed or absorbed, will cause a new growth on bad heads.

MAY the youthful color and vigor of the hair be preserved to old age? Read the following, from Mrs. G. Norton, Souserville, Mass.; "I have used Ayer's Hair Vigor for the past 80 years; and, although I am upwards of 60, my hair is as abundant and glossy today as when I was 25, that a trial of Ayer's Hair provers. Mrs. M. E. Goff, Leadville, Col., writes: "Two years ago, my hair hoting aimost entirely fallen out, I commenced the use of Ayer's Hair Vigor. To-day my hair is 29 inches long, flue, strong, and healthy."

hair is 29 inches long, flue, strong, and healthy."

RENEWED by the use of Ayer's Hair Vigor, the hair regains its youthful color and vitality. Rev. 11. P. Williamson, Davidson College, Mecklenburg Co., N. C., writes: "I have used Ayer's Hair Vigor for the last ten year. It is an excellent preservative, Ten. (Rev. 11. P. 12. P. 1
